APPALACHIAN STEPS NETWORK

About Appalachian STEPS Network

The Appalachian Steps Network promotes safety, health and environmental improvement in the exploration and production of oil and gas in West Virginia. The Appalachian Steps Network fosters a work environment that relies upon open communication and trust. Born from grass roots and grown through the hard work of many, our vision is to have “Incident-Free Operations”.

Thank You!

Questions / Comments

Start an Observation Program

- Create a simple form for that employees can easily fill out.
- Take form to job sites and show them what to look for and how to fill it out.

STOP WORK-OBSERVATION-NEAR MISS

STOP WORK OBSERVATION NEAR-MISS

Incident

Date Created: 5-2-17
Name (optional): Mike Shugars
Site Location: Weld Shop
Date of Incident: 5-1-17
Time of Incident: 3:30 pm

Physical Location: weld shop floor
(Site of Incident - Bldg, stairs, equipment number, in containment, etc)

Short Description: Resisting Fire
(Choose One: FALLS, VEHICLE, CAUGHT BETWEEN, STRUCK BY, PPE, TOOLS/EQUIP, SLIPS/TRIPS, ENERGY RELEASE, STRAINS, ETC.)

Description of Event: I was cleaning pipe stand nuts with break cleaner. Cleaner was leaking on the shop floor. Welder was grinding in the area, a spark landed in the break cleaner and ignited into flames.

Cause: throwing sparks in direction that some one was working (had a curtain up)

Corrective Actions: changed direction of grinding so sparks wasn't going toward other workers

Please complete the document and give to your Supervisor

Observations

- ❑ Management has to be involved and push them to field employees.
- ❑ Need to be recorded and provide follow up and feedback.
- ❑ Communicate to companies we work for. Antero, Rice Energy, and Noble
- ❑ Incentive – WHEEL OF SAFETY
