A Game Changer:

*"Using the K1 Mid-Sole has been a game changer for our company!
They're easy to use and they really work. Incidents of slips and falls are way down this year.
Thanks Geroline!"*

Senior Safety Manager, North American Logistics Company

Rotate

Four Mid-Sole Models to choose from:

ORIGINAL

The original and number one rated ice cleat in North America.

Fits most types of footwear.

Product code: K1MID

LOW PROFILE

Lower profile studs mean this model of the K1 Mid-Sole is ideal for footwear with little to no heel.

Product code: K1MID-LOW

INTRINSIC

Similar in every way to the Original K1 Mid-Sole with the added bonus of international certification against sparking in a variety of environments. (see certification chart)

Product code: K1MID-INT

INTRINSIC - LOW PROFILE

An Intrinsic Certified Sparkproof version of the Low Profile model.

(see certification chart)

Product code: K1MID-INT-LOW

Why different stud lengths? Simple, because not all work footwear is the same...

Regular length studs:

Ideal for most work boots with a heel.

Low Profile studs:

Ideal for boots or work shoes with low arches.

Available for boots with extra high heels:

The K1 Spacer / Shim:

Adds 5mm of depth.

Simply attach peel-and-stick (3M) to back of Mid-Sole.

Product code: K1SPC

INTRINSIC MID-SOLE CERTIFICATIONS

Burnable Material	Europe (IEC)	USA (NEC)
Gas or Vapour	Zone 0 Zone 1 Zone 2	Class I, Div 1
Dust	Zone 20 Zone 21 Zone 22	Class II, Div 1
Fibres	Same as Dust	Class III, Div 1

In order to reach the required values of combined resistance for potentially explosive production environments, the K1 Mid-Sole Intrinsic Certified Spark-proof model must always be worn together with appropriate ESD footwear.

K1 HEEL STOP TRACTION AID

Easy to attach and remove with handy Velcro Straps.

Made from TR Rubber: durable and remains flexible in sub-zero temperatures.

Covers the entire heel for effective slip prevention on ice and snow.

Reflective Hi-Vis strip for additional safety in dark conditions.

Highly durable, spark resistant studs - just like those found in ice tires.
(Also available: Certified Spark Proof model.)

K1 Intrinsic Ice Cleats: Certified Sparkproof

All the great features of original K1 Series Heelstop Ice Cleats with the added benefit of International Certification against sparking in multiple explosive atmospheres.

Burnable Material	Europe (IEC)	USA (NEC)
Gas or Vapour	Zone 0 Zone 1 Zone 2	Class I, Div 1
Dust	Zone 20 Zone 21 Zone 22	Class II, Div 1
Fibres	Same as Dust	Class III, Div 1

Dedicated to safety? Put your name on it!

With the "Safety First Logo Program", showing your commitment to safety is easy. Adding your company logo / name to each Heelstop is now available on all orders of fifty units or more.

Tried and tested...

K1 Series Ice Cleats are used around the world by a wide variety of industry professionals.

Major corporations, postal and courier services, utility providers, municipalities and even the military all stand behind (and on) K1 Series Ice Cleats.

Just a few satisfied K1 Series users:

K1 Series Ice Cleats:

A small investment that could save alot.

Already approved and trusted by Health and Safety professionals from a multitude of industries, the K1 Series of products are an affordable yet dependable solution.

Even mandated on some sites, our anti-slip ice cleats are quickly becoming an industry standard for accident prevention.

People are talking...

"The guys love them and actually wear them."

"Best investment our company has made to reduce slips."

"They're strong, they fit and they just plain work."

"Saved us last year!"

HEELSTOP SIZING CHART

Heelstop size:	K1M (Small/Medium)	K1L	K1XL	K1XXL

Fits approx shoe size (Ladies):	Up to 9	9½ - 14	14+	-

Holster your Ice Cleats with the K1 Utility Clip:

The K1 Utility Clip solves the problem of where to put your Heelstops when entering buildings - or anywhere your traction aids are not required.

The quick release belt clip means your ice cleats remain within easy reach - making lost or misplaced Heelstops a thing of the past.

UTILITY CLIP

Extension straps are available for more flexible sizing:
